

Elevator Control Bundle

AHEC-10 Bundle

Secure, Scalable & Versatile... Elevator Controls & Expansion Boards

Elevator Control System:

The AHEC-10 is an all-in-one elevator access control bundle designed to secure up to 10 floors right out of the box. By combining the AHDU-1260 controller with the AHEB-0808 expansion board, this solution delivers powerful floor-level control with simplified installation and configuration.

- Access can be granted via fingerprint, proximity card, or PIN.
- Manage floor permissions by user, schedule, or event.
- Enable passage mode for unrestricted access during designated times, which is ideal for visitor hours or shared-use environments.
- Flexible and reliable elevator control platform for SMB and Enterprise level facilities.
- Supports up to 128 floors per controller and is designed for easy future expansion.

Applications:

✓ Office Buildings ✓ Hospitals ✓ Hotels ✓ Factories

Specifications:

AHDU-1260

Capacity:

Floor Button Control Relay: 2
